**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

Internet access is a necessity at this point in history. We need competition in all marketplaces for broadband services to encourage decent speeds, especially for rural customers. Failure to do so will cut a vital resource to those that need it most. Large companies often abuse their customers, so it is especially necessary to safeguard the ability for small operators to exist within the market.

Thank you,
Sean Diamant
